| sumatriptan-naproxen sodium tab 85-500 mg | Migraines |
| VYZULTA (latanoprostene bunod ophth soln 0.024%) | Glaucoma |
| | |

UTILIZATION MANAGEMENT PROGRAM CHANGES

- Effective March 1, 2018, the Sickle Cell Disease Prior Authorization (PA) program was added for standard pharmacy benefit plans. This program includes the target drug Endari.
- Effective April 15, 2018, the Iron Chelator Step Therapy (ST) program was discontinued.
- Effective May 1, 2018, the Hemlibra PA program was added for standard pharmacy benefit plans. This program includes the target drug Hemlibra.
- Effective June 24, 2018, the Calcitonin Gene-Related Peptide (CGRP) PA program was added for standard pharmacy benefit plans. This program includes the target drug Aimovig.
- Effective July 1, 2018, the following changes were applied:
 - The Huntington's Disease PA program and the Tardive Dyskinesia PA program combined to form one new standard PA program: Huntington's Disease/Tardive Dyskinesia. The new combined PA program criteria was updated and will include the current target drugs: Austedo, Ingrezza and Xenazine.
 - Several drug categories and/or targeted medications will be added to current Prior Authorization (PA) and Step Therapy (ST) programs for standard pharmacy benefit plans, upon renewal for select members' plans. *As a reminder,* please review your patient's drug list for the indicator listed in the Prior Authorization or Step Therapy column, as not all programs may apply. Additionally, please be sure to submit the specific prior authorization form the medication being prescribed to your patient.

Drug categories added to current pharmacy PA standard programs, effective July 1, 2018:

| Drug Category | Targeted Medication(s) ¹ | |
|--|-------------------------------------|--|
| Basic, Performance and Performance Select Drug Lists | | |
| Neuropathy | Lyrica CR | |
| Parkinson's Disease | Gocovri, Osmolex ER | |

Targeted drugs added to current pharmacy PA standard programs, effective July 1, 2018:

| Drug Category | Targeted Medication(s) ¹ | |
|--|-------------------------------------|--|
| Basic, Performance and Performance Select Drug Lists | | |
| Hereditary Angioedema (HAE) | Berinert, Firazyr, Ruconest | |
| Oral Immunotherapy | Odactra | |

| Drug Category | Targeted Medication(s) ¹ | |
|----------------------------------|-------------------------------------|--|
| Basic and Performance Drug Lists | | |
| Therapeutic Alternatives | Wellbutrin XL ⁺ | |

[†] Target drug moved from the Antidepressants ST standard program to the Therapeutic Alternatives PA standard program. Grandfathering was also removed from the program criteria. Members on a current drug regimen are included in program participation.

Drug categories added to current pharmacy ST standard programs, effective July 1, 2018:

| Drug Category | Targeted Medication(s) ¹ | |
|--|--|--|
| Basic, Performance and Performance Select Drug Lists | | |
| Insomnia* | Ambien, Ambien CR, Belsomra, Edluar, Intermezzo, Lunesta, Rozerem, Silenor, Sonata, Zolpimist | |

* Members on a current drug regimen may be grandfathered from participation in the ST program, depending on the member's benefit plan.

Per our usual process of member notification prior to implementation, targeted mailings were sent to members affected by prior authorization program changes. For the most up-to-date drug list and list of drug dispensing limits, visit the Pharmacy Program section of our Provider website.

If your patients have any questions about their pharmacy benefits, please advise them to contact the Pharmacy Program number on their member ID card. Members may also visit *bcbstx.com* and log in to Blue Access for MembersSM (BAMSM) and MyPrime.com for a variety of online resources.

¹Third party brand names are the property of their respective owners ²These lists are not all inclusive. Other medications may be available in this drug class.

Prime Therapeutics LLC is a pharmacy benefit management company. Blue Cross and Blue Shield of Texas (BCBSTX) contracts with Prime to provide pharmacy benefit management and related other services. BCBSTX, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime. MyPrime.com is an online resource offered by Prime Therapeutics.

The information mentioned here is for informational purposes only and is not a substitute for the independent medical judgment of a physician. Physicians are to exercise their own medical judgment. Pharmacy benefits and limits are subject to the terms set forth in the member's certificate of coverage which may vary from the limits set forth above. The listing of any particular drug or classification of drugs is not a guarantee of benefits. Members should refer to their certificate of coverage for more details, including benefits, limitations and exclusions. Regardless of benefits, the final decision about any medication is between the member and their health care provider.
