Get the Most from Your Blue High Performance NetworkSM Benefits

Hi **First Name**,

You've selected the Blue High Performance Network (Blue HPNSM) which gives you access to high quality doctors at a lower cost. With Blue HPN, you have access to a select group of doctors and hospitals in most major U.S. cities.

In your city, you can expect access to providers who can meet all your care needs – from primary care physicians, to specialists, to acute care facilities and hospitals. Blue HPN is a complete network of providers to help you get healthy and stay healthy. With Blue HPN, you don't have to pick a primary care provider (PCP) and you won't need referrals to see specialists. It's also good to know that providers in the Blue HPN have been carefully selected for the quality of care they deliver.

It is important that you check Provider Finder[®] online at <Destination> <URL> to see if your current provider(s) are in-network for this health plan. If your provider(s) are not in-network, we encourage you to find a new network provider because with the Blue HPN health plan, there is no coverage from out-of-network providers*.
