Medicare **Basics** The Four Parts of Medicare

Medicare is the nation's largest health insurance program, covering health care services such as hospital stays, skilled nursing and physician services for tens of millions of Americans.

There are four parts to Medicare, each providing different types of health care services.

Hospital Insurance

Helps pay for inpatient hospital care, skilled nursing facility care, home health care and hospice care. While most Americans are enrolled automatically in Medicare Part A, it may not cover all of your healthcare costs. Parts B, C and D are voluntary programs that provide additional coverage.

Medical Insurance

Helps pay for covered doctor's services and many other medical services and supplies. If you don't enroll in Part B when you are first eligible, you may have to pay a penalty later.

Medicare Advantage Plans

Offers medical coverage through a network of providers, such as an HMO or PPO, that is an alternative to Original Medicare (Parts A&B). These plans may or may not cover prescription drugs.

Prescription Drug Coverage

Helps pay for covered prescription medications. As with Part B, if you do not enroll when first eligible, you may have to pay a penalty later.

Medicare Supplement Insurance Optional coverage helps to pay for expenses beyond what is covered by Medicare. There are several Medicare Supplement insurance plans, each with different benefits and premiums, so you can choose the plan that works best for your specific needs. Medicare Supplement insurance plans are identified by the letters "A" through "N". The basic benefits of each plan are exactly alike for all insurance companies.

How Medicare Works

How Medicare Works

Medicare Basics

Medicare Advantage Plans cover:

- Emergency, urgent and hospice care
- Medicare Part A benefits
- Medicare Part B benefits
- Dental, hearing and vision
- Health, wellness and fitness programs
- Prescription drug coverage
- Provider networks to help manage costs

Costs for Medicare Advantage Plans:

Premium: you pay a monthly premium in addition to your Part B premium

Copays: you pay this at the time you receive a service covered by your plan

Coinsurance: the plan may require that you pay a percentage of the cost of certain covered services

Deductible: the cost you are responsible for before your plan begins to pay. Copays and coinsurance usually count towards the deductible.

Maximum out-of-pocket costs: this is the most you will have to pay for covered medical services each year.

*You can't have a Medicare Supplement Insurance Plan and a Medicare Advantage Plan at the same time.

You may to eligible to enroll in Medicare Part A and Part B if:

- or Railroad Retirement Board benefits
- you are under age 65 with certain disabilities
- you or your spouse worked for at least 10 years in Medicare-covered employment

You may also be eligible to enroll in Medicare Part D or Part C

In addition to qualifying for Medicare Part A and Part B, you must live in a plan's service area to be eligible for that plan.

The Initial Enrollment Period is only for those turning 65 and reaching Medicare eligibility for the first time – not for those who are switching Medicare plans. It is a 7-month period - three months before your 65th birthday, your 65th birthday, and three months after your 65th birthday.

2023 MAPD/PDP Producer Certification Training

06

The annual CMS required producer training includes 2 sessions:

Section 1: AHIP Curriculum

- Medicare Basics Course
- Medicare Marketing Course
- Non-Discrimination Disclosure
- General Compliance & FWA Course and Exam

Section 2: HCSC Curriculum

- Sales Agent Requirements Course
- HCSC Courses & Exam
- Producer Certification Form
- Producer Amendment (where applicable)

Producers must complete all courses in order to be deemed certified to sell 2023 MAPD/PDP plans during AEP. Here is the link to access both training sessions: hcsc.cmpsystem.com

HCSC has negotiated a lower rate for contracted producers of \$125 instead of \$175.

Make sure you use the certification link in the AHIP/CMP platform in order to receive the discounted rate.

There are informational webinars that you can register to attend prior to completing your certification, along with AHIP Medicare Training you can attend.

Get Certified and Receive a Gift Card

In recognition of your costs related to training and testing to become Medicare certified to sell our Blue Cross Medicare AdvantageSM and Blue Cross MedicareRxSM plans, we'll provide a \$50 Visa gift card to agents who complete our required 2023 product certification no later than Sept. 1, 2022.

The gift card is not compensation for the sale or renewal of any policy or enrollment. Supplies are limited to the first 5,000 agents.

To take advantage of this offer:

- the state of Texas to qualify.
- channels are eligible.

Your time is valuable – we hope this small effort will help you complete our 2023 product certification by Sept. 1.
