As Open Enrollment gets closer, I want to let you know you'll soon receive your 2025 plan details from Blue Cross and Blue Shield of Texas. As your independent, authorized agent, I'm here to make sure you have the right plan for your needs and budget.

Here are some reasons I suggest you stay with them:

Taking care of you – They have resources and tools that include access to virtual care, gym membership discounts and wellness programs.

Trusted name – With more than 90 years of history, they have been part of the Health Insurance Marketplace® since the beginning. They work hard to keep rates low while continuing to provide high-level service.

Don't wait! The sooner you can check off health care coverage from your to-do list, the more time you have for enjoying the holidays.
