2023 Small Group Plans

The 2023 Blue Cross and Blue Shield of Texas (BCBSTX) Small Group Portfolio is available from January 1 until December 31, 2023. All our plans offer features and benefits designed with members’ health and wellbeing in mind. **Here are the highlights of our 2023 Small Group portfolio.**

New in 2023

Members and Employers Save Big with Member Rewards*

Our Member Rewards program, administered by Sapphire Digital, uses Provider Finder® to help members:

- Compare health care costs and quality
- Estimate out-of-pocket costs
- Make treatment decisions with their doctors

When members choose low-cost, reward-eligible options for procedures and services, they earn cash rewards and save on their – and their employers’ – health care costs.

*Member Rewards is only included with PPO plans.

Now It’s Even Easier to Boost Benefits With Ancillary Plans

Robust, competitive benefits are essential for employers to attract and retain a talented workforce. That’s why we’ve combined our medical coverage with some of the most popular ancillary benefits. And now you can use eSales Tools to add **vision, accident and critical illness benefits** to complement your 2023 new group quotes for medical, dental, life and short-term disability plans. So, go ahead. Boost your groups’ benefits with ancillary options.

Complimentary Programs Help Members Take Control of Their Health

We’re empowering members to take control of their health through complimentary programs that can help them save money and prevent certain types of health conditions. Putting the power of wellness in members’ hands can also help employers lower costs by reducing doctor visits and hospitalizations. Here are a few of the advantages your clients have – just for being BCBSTX members:

Blue365®

Because Health is a Big Deal®

With Blue365, employees save money on health and wellness products and services from top retailers not covered by insurance. There are no claims to file and no referrals or preauthorizations. All they need to do is sign up to have weekly featured deals emailed to them by retailers like EyeMed, TruHearing®, Nutrisystem®, Reebok, Fitbit® and more.

Hinge Health

Hinge Health is a digital musculoskeletal program led by physical therapists and health coaches. Members who are eligible can participate in the comfort of their own homes – at no extra cost.

Livongo®

Livongo’s personalized diabetes management program helps members improve glycemic control by understanding their blood sugar levels and developing healthy habits. The hypertension program supports members who have high blood pressure with a connected blood pressure monitor and support from expert health coaches to monitor their conditions.

Omada®

Omada is a personalized program designed to help members reduce chronic disease risk with diabetes prevention and hypertension education, specialized devices, like-minded communities and proactive health coaches.

Wondr™

Wondr is an online, digital weight-management program that teaches members science-based skills that help them lose weight, sleep better, manage stress and more.

Digital Mental Health

We are deeply committed to our members’ overall wellbeing, and mental health is an important part of our approach. Compassionate case managers, utilization management, specialty programs and member and provider support are all part of the mental health benefits (called behavioral health) that come standard with every small group plan. Members can use Blue Access for MembersSM to easily engage in private, online programs to help keep their mental health on track through:

- An online assessment to help them pinpoint helpful programs.
- Quick, easy online lessons that let them access proven therapy-based techniques.
- Expert coaches to guide and inspire them to reach their goals.
- Peace of mind – personal results, programs and messages are always private.

Wellbeing Management

Wellbeing Management is a complete wellness solution for a healthier workforce, delivering member-centered wellness tools and care management programs including:

- **Health Advisor** – A care team addresses the mental, physical and emotional aspects of health issues for the most costly and complex cases.
- **Behavioral Health** – Multi-disciplinary teams engage members through Digital Mental Health, utilization management and personal support for members adjusting to life events.
- **Well onTarget® Member Wellness Portal** – Personalized wellness action plans, digital self-management programs and fitness and nutrition device integration jump start each employee’s journey toward wellbeing.
- **The Fitness Program** – Supports fitness for life by offering a flexible gym network to fit members’ lifestyles and budgets.
- **Blue PointsSM Program** – Members can earn and redeem Blue Points for participating in wellness activities.

Virtual Visits and Telemedicine

Providing access to virtual care is more important than ever as members seek convenience and potential cost-savings when addressing their non-emergency needs. Virtual Visits, and Telemedicine consultations through members’ primary care physicians are conducted by phone, online video or mobile app.

What’s Telemedicine?

Telemedicine is a kind of health care delivery that lets members consult with their own doctors by telephone or secure video. Their in-network BCBSTX doctor can evaluate, diagnose and treat them remotely without the need to travel to the doctor’s office. Doctors can even send an e-prescription to the member’s pharmacy of choice.

What are Virtual Visits?

Virtual Visits, powered by MDLIVE® and provided by Blue Cross and Blue Shield of Texas, provide 24/7 access to consultations with board-certified doctors from virtually anywhere. This is helpful when the member’s BCBSTX provider is closed, or when the member is traveling.

Encourage members to make sure their doctors can provide consultations by phone or secure video.

General Notes

NA = Not Applicable; DC = Deductible and Coinsurance; NC = Not Covered; In = In-Network; Out and OON = Out-of-Network

All plans have an Embedded Deductible. This means that no more than one Individual Deductible will be required to be met by any one individual in a family contract.

When members visit a preferred pharmacy, they may pay a lower copay or coinsurance amount for a covered non-specialty prescription drug than when visiting an in-network non-preferred pharmacy. Members can find a preferred pharmacy at myprime.com.

Basic lab and X-ray services are covered at the deductible and coinsurance level, except for Blue Advantage Gold HMO 822, which covers basic Lab and x-ray at \$100, with no additional charges after the copay.

All plans include prescription drug benefits. The benefit plan is based on the BCBSTX drug list. Benefits include clinical programs such as Prior Authorization and Step Therapy.

Pediatric dental benefits are subject to the medical deductible before coverage begins. In-network benefits refer to services provided by BlueCare Dental PPOSM providers.
